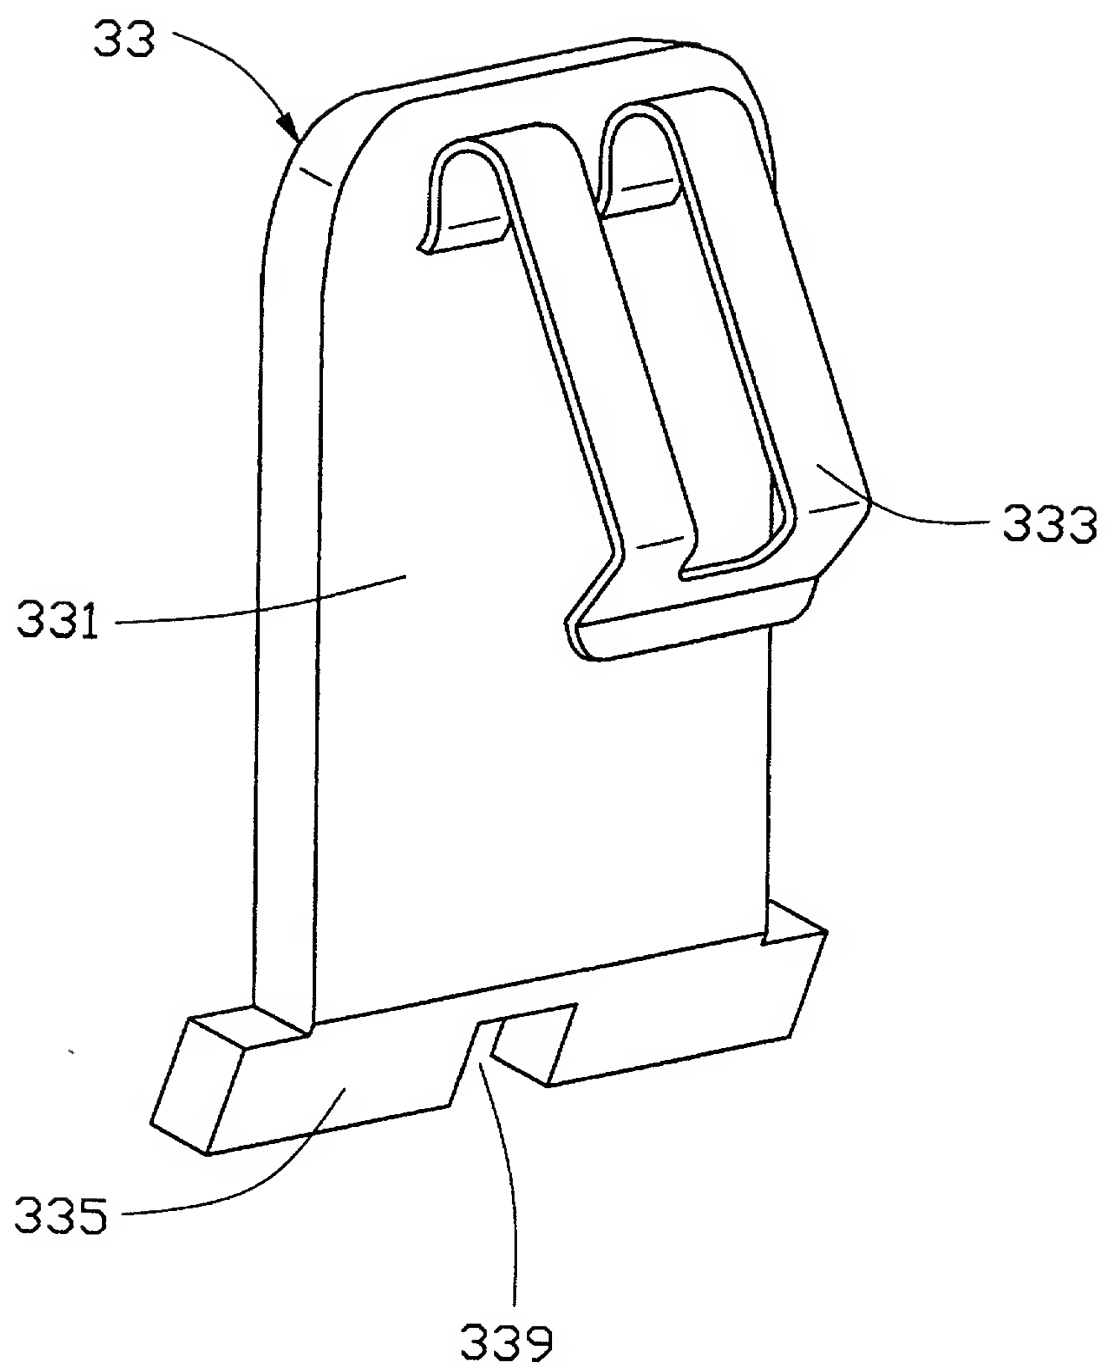

FIG. 3

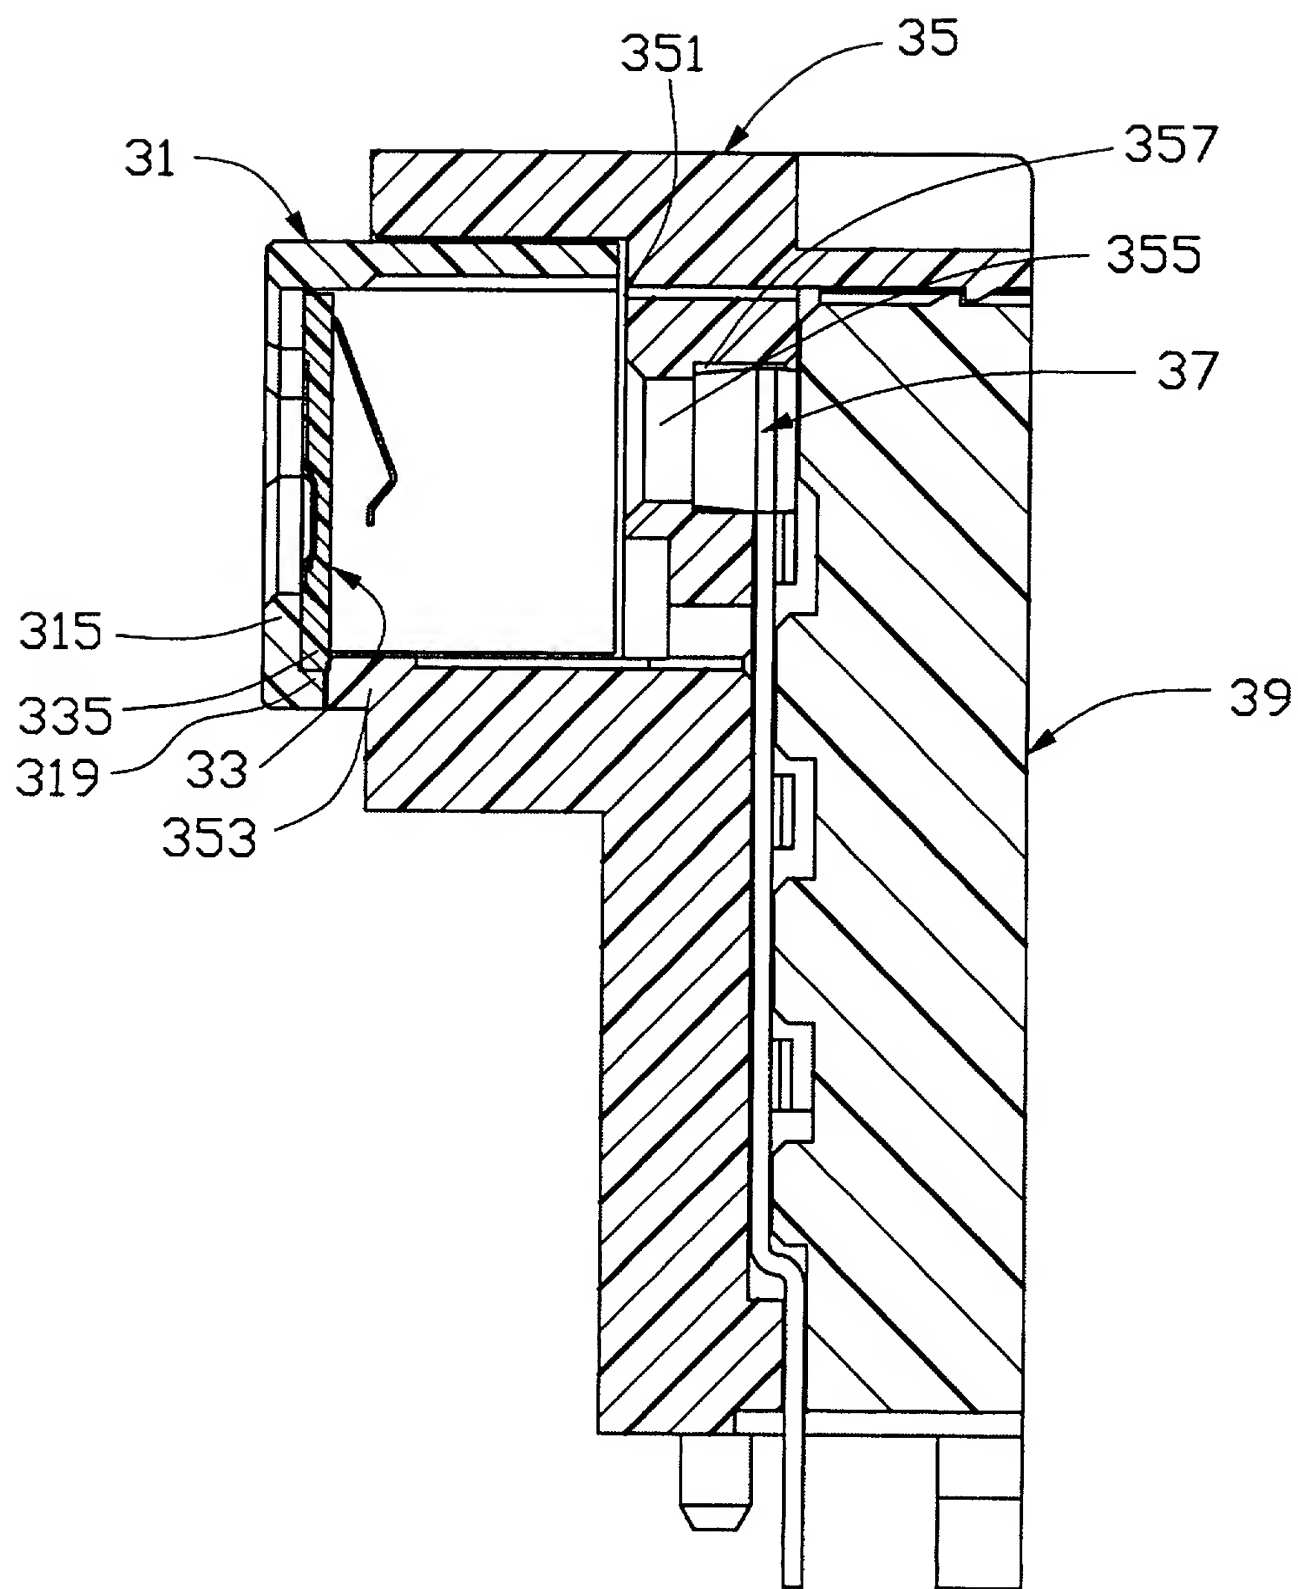

FIG. 4

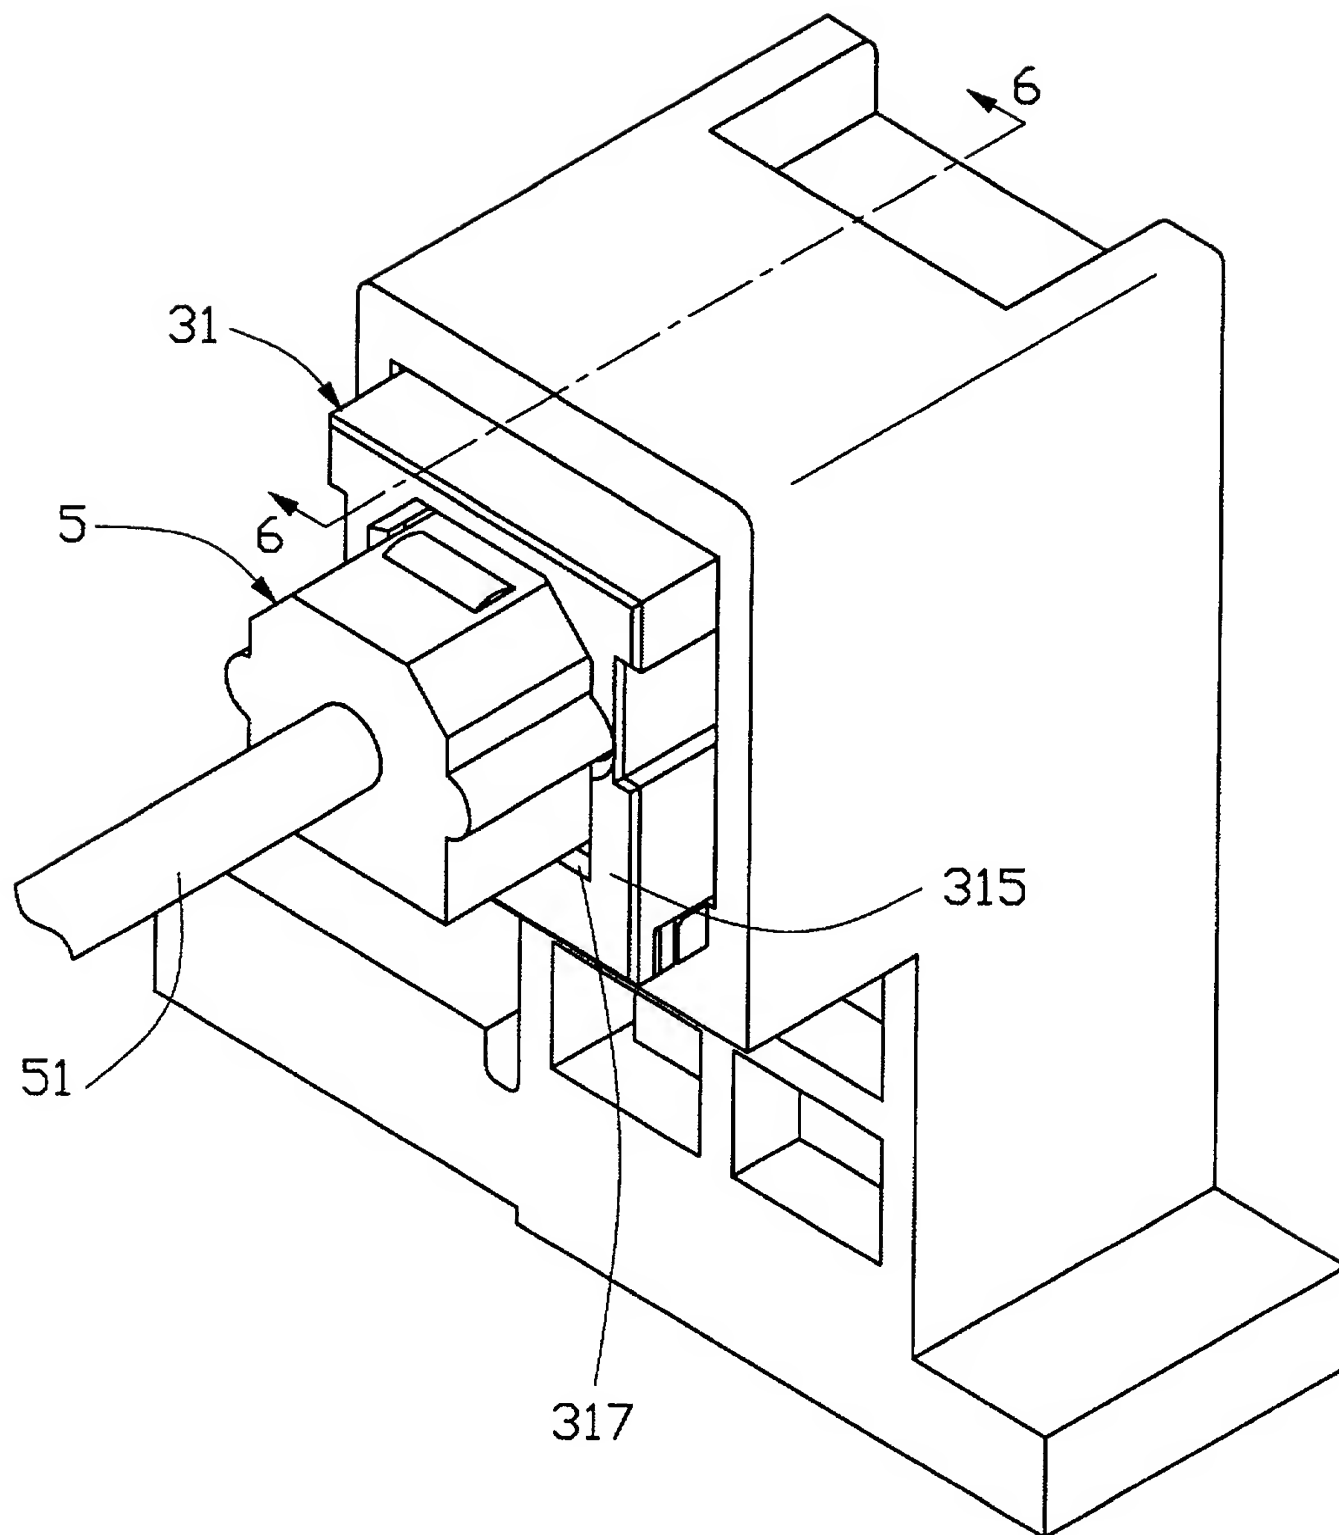

FIG. 5

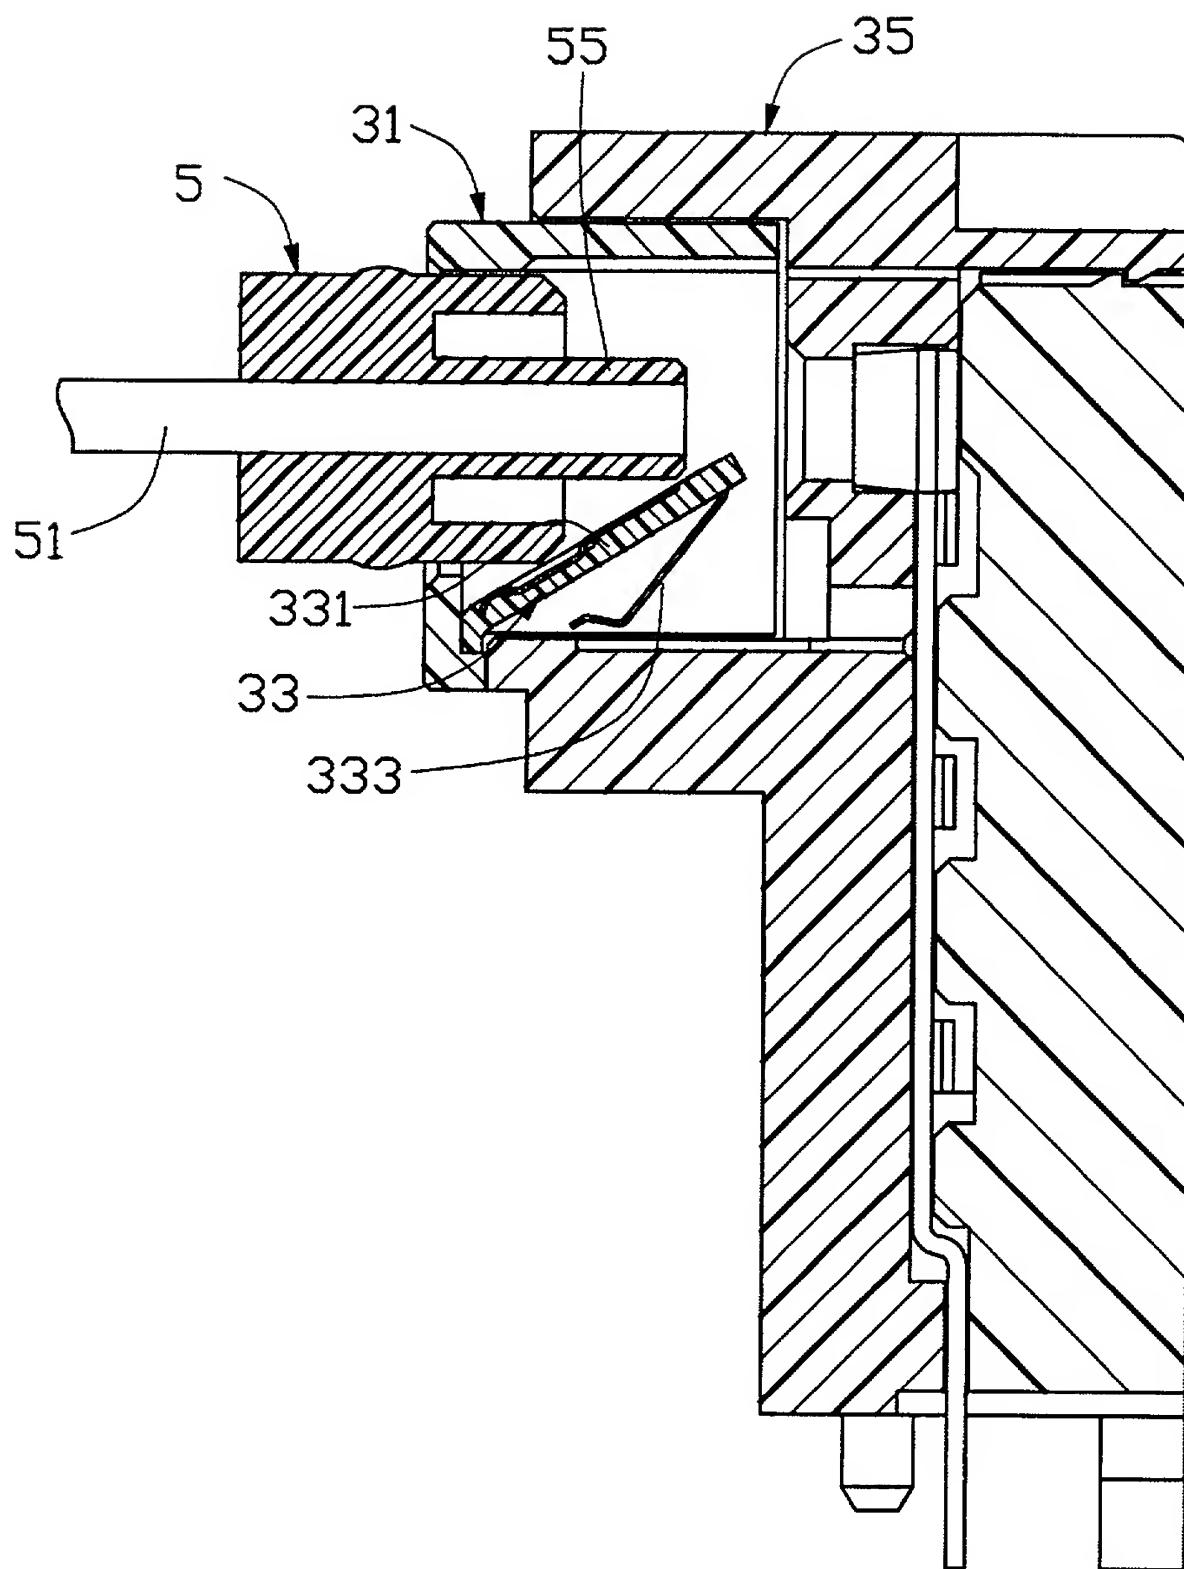

FIG. 6

This cross-sectional view shows a multi-layered assembly. At the top, a layer labeled 31 is shown with a hatched pattern. Below it is a layer labeled 5, also with a hatched pattern. A central vertical feature is labeled 55. To the right, a large, thick component is labeled 355. A horizontal layer is labeled 37. Below the 5 layer, there is a component labeled 51. Further down, a component labeled 335 is shown, which is part of a larger structure labeled 33. This structure 33 has a base labeled 331 and a side labeled 333. A component labeled 352 is shown at the bottom of the 33 structure. The entire assembly is shown in a cross-sectional view with various hatching patterns indicating different materials or layers.
